

Fast. Flexible. Built for the Way Construction Actually Works

When schedules are tight and specs keep shifting, materials shouldn't slow you down.

KAL-LITE® delivers fiberglass reinforced plastic (FRP) panels that work the way construction actually works; fast lead times, flexible quantities, and dependable performance.

A Smarter Partner for AWCI Members

We work comfortably with contractors & subcontractors.

Our pricing structure respects the channel. Our lead times respect your schedule and our approach respects your experience.

FRP That Fits the Job— Not the Other Way Around

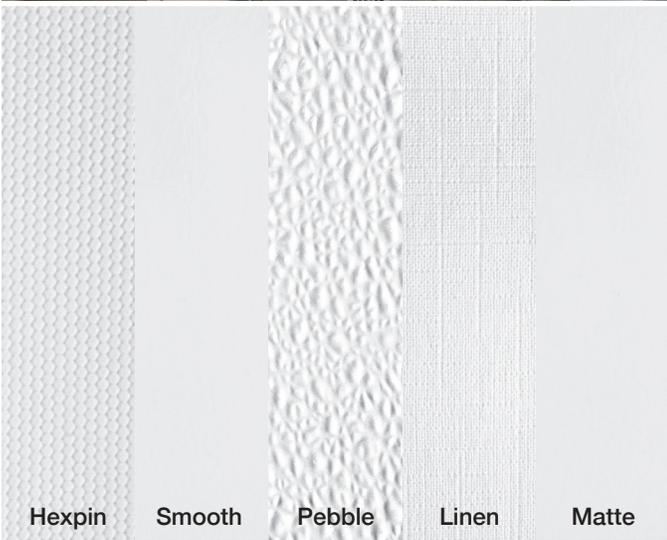

KAL-LITE® manufactures tough, flat FRP panels for walls, ceilings, and custom applications across commercial, industrial, and specialty construction.

What sets us apart isn't marketing language, it's how easy we are to work with.

- Fast turnaround times that keep crews moving
- Cut-to-size at no extra charge
- No minimums on stock materials
- Lower minimums on custom colors than most major FRP suppliers
- Material available on reels for high-volume or continuous installs

That flexibility matters when you're managing crews, schedules, and budgets in the real world.

Hexpin Smooth Pebble Linen Matte

Multiple FRP Finishes

Built for Contractors, Backed by Experience

AWCI members don't need hand-holding. You need materials that behave predictably, spec cleanly, and install without surprises.

- Consistent quality
- Available in a wide range of colors and finishes.
Custom color minimums around 2,000 sq ft, compared to other manufacturers with minimums of 6,000 sq ft
- Designed to meet demanding commercial environments
- USDA Approved, Class A 20/100 Rated, FM Approved Ceiling Tiles

From healthcare and food service to manufacturing, and specialty interiors, our panels are built to perform and built to last.

Straightforward Service. Real People. Real Answers

Call KAL-LITE® and you get a person, not a maze of extensions.

We believe service should be friendly, reliable and personal.

Whether you're pricing a one-off job or lining up material for a national rollout, you'll get clear answers and honest guidance fast.

Let's Build Something Better

If you're tired of rigid minimums, long waits, and supplier friction it's time for a different FRP partner. KAL-LITE®.
