

KAL-LITE®

Built for the Car Wash Environment

FRP panels that stand up to water, chemicals, and constant use

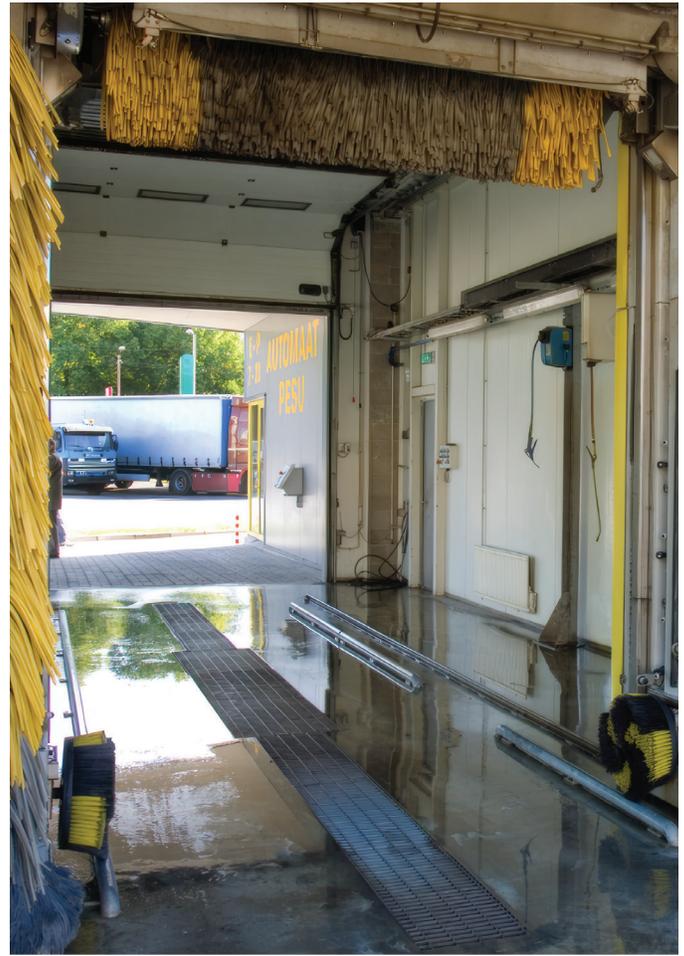

Car wash interiors are among the harshest environments for building materials with constant spray, chemical detergents, and high humidity. KAL-LITE® FRP panels are engineered to handle it. They won't rust, peel, or corrode, and they maintain a clean, professional appearance under relentless conditions.

Easy to install and even easier to maintain, KAL-LITE® is the proven choice for operators looking for low-maintenance, long-lasting performance.

Why Choose KAL-LITE®

Our FRP panels won't swell, rot, rust, or delaminate when exposed to water, detergents, and cleaning agents common in car wash environments.

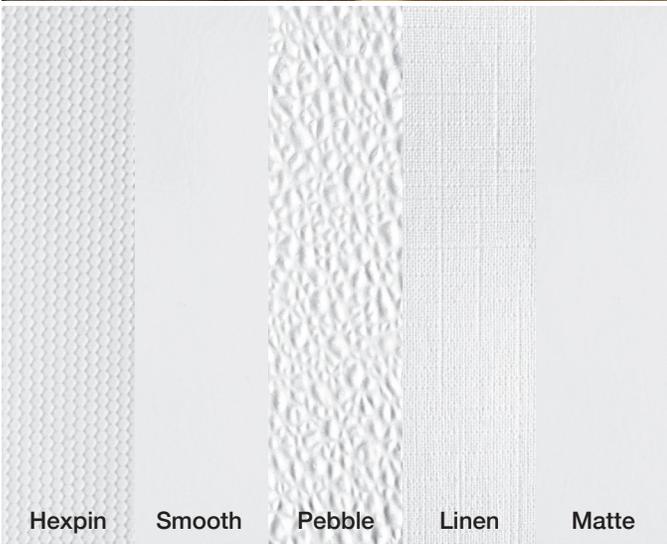

- **Resists common car wash detergents and cleaning chemicals**
KAL-LITE panels stay flat for a clean, professional look that reflects well on your facility and brand.
- **Easy to Clean, Easy to Maintain**
Non-porous surfaces resist grime buildup and wipe down fast, saving labor and downtime.
- **Built for High-Traffic Abuse**
Impact-resistant and tough enough for busy wash tunnels, prep areas, and mechanical rooms.
- **Material available in reels for longer sheet availability.** .090 thickness available in up to 500' reels.

Designed for Flexibility— Not Headaches

- No Minimum Orders on Stock Material
- Order what you need. No forced overbuying
- Custom Colors with Lower Minimums
- Get branded or design-specific colors without massive square-foot commitments
- Cut-to-Size at No Extra Cost
- Panels arrive ready to install—less waste, less time on site
- Fast, Reliable Lead Times
- We move quickly so your build or retrofit stays on schedule

Ideal Applications in Car Wash Facilities

- Tunnel and wash bay walls
- Equipment and pump rooms
- Ceilings and soffits
- Back-of-house and utility areas
- Retail and customer-facing spaces

Whether you're building new, remodeling, or standardizing materials across multiple locations, KAL-LITE® scales with your operation.

Multiple FRP Finishes

A Different Kind of FRP Supplier

We don't disappear after the quote. When you call KAL-LITE®, you get real people who understand FRP, understand construction, and understand the pace of your business.

F.R.P. Service—Friendly. Reliable. Personal.
